Bangladesh Export Processing Zones Authority

BEPZA Complex, House # 19/D, Road # 6, Dhanmondi, Dhaka-1205

INTRODUCTION

Welcome to the Bangladesh Export Processing Zones Authority (BEPZA), the pioneer investment promotion agency of Bangladesh.

Formed in 1981 under the BEPZA Act of 1980, the authority has been playing a pivotal role in attracting foreign and local investment to the country's Export Processing Zones (EPZs), significantly boosting export performance and generating large-scale employment for the local workforce.

In 1983, the first EPZ under BEPZA- Chattogram EPZ- began its journey, which later paved the way for the establishment of seven more EPZs across the country, namely Dhaka, Mongla, Cumilla, Uttara, Ishwardi, Karnaphuli and Adamjee. Building on this success, BEPZA has developed the BEPZA Economic Zone at Mirsharai in Chattogram-its largest ever venture-where development works are nearing completion and several enterprises have already started production.

Alongside these achievements, BEPZA is expanding further with two new EPZs- Jashore EPZ and Patuakhali EPZ. Development works in both zones are progressing steadily to make them ready for foreign and local investment.

Offering attractive fiscal and non-fiscal incentives, competitive production costs, robust infrastructure and a harmonious worker-management-owner synergy, BEPZA ensures an ideal industrial ecosystem. With automation, green initiatives, one-stop services and strong regulatory support, the zones under BEPZA have emerged as a leading investment hub.

Recognized as "Asia's Moderate Cost Production Base," BEPZA is now a preferred destination for international entrepreneurs seeking optimal returns.

Join us on our journey toward the economic prosperity of Bangladesh and explore the vast opportunities that BEPZA offers.

Type of Investment

Type A : 100% Foreign Ownership.

Type B : Joint venture between Bangladesh and Foreign Investors
(no limit on extent of equity share).

Type C : 100% Bangladeshi Ownership.

Protection of Investment

The Foreign Private Investment (Promotion and Protection) Act, 1980 safeguards all foreign investments in Bangladesh by protecting from expropriation and nationalization, ensuring fair and equitable treatment.

Bangladesh is also the signatory of the following international agencies that further guarantee investor protection:

MIGA

Multilateral Investment Guarantee Agency (MIGA) protects investments against political risks.

ICSID

International Centre for Settlement of Investment Disputes (ICSID) provides neutral arbitration for investment-related disputes.

WIPO

World Intellectual Property Organization (WIPO) safeguards copyright interests.

SCOPE OF INVESTMENT

BEPZA provides infrastructure facilities including fully serviced plots under a 30 years lease and Standard Factory Buildings (SFB) for 02 years lease on renewable basis to the investors for setting up industry. All utility connections are readily available for the enterprises of EPZs.
